REVIEWS

Nick was the DJ at my wedding, and did a fantastic job! He was given a general vibe for the music, with a few specific requests, and delivered it perfectly.

Additionally, Nick was just the right level of performer/personality for our wedding DJ. He knew when to use the microphone to encourage people to the dance floor, but was also happy to fade back when things were moving along well. I'd recommend him to anybody.

We chose Nick and Tom to play at our wedding. They had excellent communication and went above and beyond our expectations. They were willing to learn songs for us and they were very personable with us and our guests. They were perfect and we would 100% recommend them. They made our wedding magical and elegant and we got so many compliments from our guests our wedding photographer. Nick offered to DJ and they played our wedding music playlist and gave us song recommendations, and he came to our rehearsal to make sure everything came together before the big day. We couldn't imagine having anyone else there. They made our wedding dreams come true. Thank you so, so, SO much, we are so appreciative. What an absolutely magical and dreamy day and it was made possible because of them.

Nick DJ'd for us at our wedding and not only did he successfully fill the dance floor within the first song (nobody in my family dances, I was amazed), but he worked closely with my now-husband to ensure we had the perfect soundtrack to our evening, from start to finish.

We asked Nick to do the music at our wedding. He did such an amazing job, the music was beautiful, and he helped to create an enjoyable atmosphere. A few years later, we still get compliments on his performance. He played at our ceremony and at our reception. He is so kind, professional, communicated with us, and he was definitely a key component to our wedding being so beautiful. I would definitely not hesitate to have him play at any event.

We had Nick as our sound tech for the ceremony, live musician for cocktail hour AND DJ for the dance. Nick was reliable, communicated well, flexible, and put on one heck of a night. Our guests have been complementing his work non-stop! Thanks Nick & Thomas!
