We Offer Something a Little Different at Mountain View Menagerie...

At Mountain View Menagerie, we believe weddings should be more than just an event—they should be an experience. Nestled in the rolling countryside, our barn venue blends rustic charm with elegant touches, creating the perfect mountain backdrop for your special day. But what truly sets us apart? The unexpected moments that make memories last a lifetime.

Here, the sounds of nature accompany your vows, and the golden hour light over our pastures creates the kind of magic you can't find just anywhere. Dreaming of a cocktail hour where guests sip champagne while meeting a miniature cow? That's just a regular evening at Mountain View Menagerie.

Whether you envision a barefoot, boho-inspired celebration under the stars or a sophisticated, candlelit barn reception, we offer something a little different—a wedding that feels like home, surrounded by nature, love, and a touch of rustic elegance. Come experience the charm for yourself.

Why offer sitter services you ask?

We've all been there. You're at a wedding, trying to enjoy the ceremony, but someones little one is restless, needing attention, or just looking for something fun to do & inevitably it's always during that special moment of the bride and groom exchanging their vows. At Mountain View Menagerie, we want every guest to fully enjoy the celebration—so we're excited to offer babysitting services during the ceremony and cocktail hour because lets face it no kiddo wants to sit through those special adult moments & every parent could always use a break from the kiddos for some much needed adult time!

With our caring babysitters, parents can relax knowing their little ones are entertained and well cared for in a safe and fun environment.

Let your guests enjoy the magic of your wedding without worrying about their little ones —because everyone deserves to celebrate.
